

ANTENNA SERIES

- ▶ Increase wireless signal range
- ▶ Improve data throughput at further distances

DrayTek ANT-1107 is a 7 dBi Omni-Directional indoor desktop antenna. The high gain and omni-directional design will offer extra wireless coverage for all directions. The ANT-1107 also comes with a magnetic stand with 1 meter extension cable that will provide maximum flexibility in placement.

DrayTek ANT-2309 is a 9 dBi Directional Corner Antenna. It is the perfect solution for providing extra wireless coverage for very large room, conference halls or buildings. The corner antenna has been specifically designed for easy installation at the corner of the wall to extend the signal range and quality.

- ▶ Comply with IEEE 802.11b/g standard
- ▶ 1 meter extension cable included

DrayTek ANT-2510 is a 10 dBi Directional Patch Antenna. It has IP65 (Ingress-Protection) approval - (totally protected against dust and low pressure jets of water from all directions). Ideally it is used for normal indoor environment or outdoor point to point wireless connection application.

The DrayTek Antenna series are designed to connect with most wireless devices that use detachable antenna with R-SMA connector such as PCI wireless card, Wireless Access Point and Wireless Router. Simply unscrew the existing antenna on your device and connect on DrayTek high gain antenna series and enjoy the benefits of wireless network.
